

Colon & Digestive Health Specialists

*a division of*

November, 2013

Nizar Ramzan MD, AGAF, CPE of Colon & Digestive Health Specialists is proud to announce the formation of a new group of gastroenterologists known as **Arizona Gastrointestinal Associates (AGA)**. Dr Ramzan, President of **AGA** and his fellow physicians are committed to providing quality expert care to their patients in the fields of gastroenterology and hepatology.

The group consists of 16 board certified/board-eligible, fellowship trained gastroenterologists throughout the Valley. They offer state-of-the-art endoscopy centers, of which Dr Ramzan's OutPatient Ambulatory Center, Arizona Digestive Center is AAAHC accredited. The group also takes pride in their CLIA certified anatomic pathology laboratory as part of their services.

**AGA** has implemented a premiere integrated EMR/PM system for increased efficiency, along with reportable quality measures. As members of the American Gastroenterological Association (AGA) and the American College of Gastroenterological (ACG) the group adheres to practice guidelines implemented within the GI professional societies.

The practice will now be known as Colon & Digestive Health Specialists *a division of* **Arizona Gastrointestinal Associates (AGA)**. He maintains his commitment to providing the highest quality of care for his patients and dedicated to preserving their digestive health.
